

Annual Security and Fire Safety Report

2017

**401 Rosemont Avenue
Frederick, MD 21701**

Communications Center (24 hours) Non-emergency: 301-696-3548

Emergency: 301-696-3111

Clery Reporting Information

Hood College's "2017 Annual Security and Fire Safety Report" is now available. This report is required by federal law and contains policy statements and crime and fire statistics for the school. The policy statements address the school's policies, procedures and programs concerning safety and security, crime awareness and preventive measures you can take to reduce your chances of becoming a victim. Three years' worth of statistics are included for certain types of crimes and fire incidents, which were reported to have occurred on campus, in or on off-campus buildings, or property owned or controlled by the school and on public property within or immediately adjacent to the campus.

Our mission is to make your time at Hood pleasant and safe, whether you are a student, faculty member, staff member or visitor. This publication is a way to keep you informed and share statistical data reported to the Department of Campus Safety during the most recent three-year period. It also allows us to present information regarding crime prevention, procedures for reporting crimes on campus, who and where to call in emergencies, missing person's information, drug and alcohol awareness programs, sexual assault response procedures and other personal safety topics.

This report is available online at: <http://www.hood.edu/annualreport>. Hard copies of this report can be obtained at the Hood College Department of Campus Safety, located in the Whitaker Campus Center.

If you need assistance with any safety or security concern, or have any difficulty accessing, or retrieving this report please let me know by contacting me directly at Maynard@hood.edu or by calling 301-696-3546. The men and women of the Department of Campus Safety stand ready to serve the needs of the Hood community.

Sincerely,

Thurmond Maynard
Director and Chief
Department of Campus Safety
Hood College

Mission Statement

Through an integration of the liberal arts and the professions, Hood College provides an education that empowers students to use their hearts, minds and hands to meet personal, professional and global challenges and to lead purposeful lives of responsibility, leadership, service and civic engagement.

Office Information

The Department of Campus Safety reports to the vice president for student life and dean of students at Hood College. Campus safety works closely with all departments of the College to ensure that safety policies and procedures are uniformly executed and conveyed in a clear and consistent manner to College students, faculty and staff.

The office is located in the Whitaker Campus Center at 401 Rosemont Ave., Frederick, MD 21701. It is open 24 hours a day, 365 days a year. Uniformed campus safety officers provide around-the-clock patrol and services to the campus community.

Campus safety officers are responsible for a full range of safety services to the Hood College community, including all crime report investigations, medical emergencies, fire emergencies, traffic accidents and enforcement of all College policies including those relating to alcohol use, drug use, and weapons possession.

Campus safety officers submit incident reports on all crimes on campus reported to the department. All serial numbers of vehicles and office equipment stolen from campus are reported through the local police department to the National Crime Information Center (NCIC).

All criminal activity, suspicious activity, and other emergencies on campus should be reported directly to the Department of Campus Safety by any member or guest of the Hood College community. Please dial x3111 for all emergency or service calls, 24 hours a day. Campus safety officers will meet you anywhere on campus to investigate and inquire about any of these events. You may call 301-696-3548 from an outside phone line or x3548 from a College phone, 24 hours a day for all non-emergency business calls.

This publication contains information about on-campus and off-campus resources. That information is made available to provide Hood community members with specific information about the resources that are available in the event that they become the victim of a crime. The information about “resources” is not provided to infer that those resources are “reporting entities” for Hood. Crimes should be reported to the Department of Campus Safety to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate. For example, a crime that was reported only to a Frederick Crisis Center would not be included in the Hood crime statistics.

Campus Policies

Policy Addressing Preparation of Disclosure of Crime Statistics

The Hood College Department of Campus Safety prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our website at www.hood.edu under the Campus Safety section. This report is prepared in cooperation with the local law enforcement agencies surrounding our main campus, the Division of Student Life, and designated campus safety authorities. Each entity provides updated information on their educational efforts and programs to comply with the Act.

Campus crime, arrest and referral statistics include those reported to campus safety, designated campus safety authorities (including but not limited to directors, deans, department heads, advisors to students/student organizations, athletic coaches), and local law enforcement agencies. These statistics may also include crimes that have occurred in private residences or businesses and is not required by law. Wellness Center staff (including Counseling and Health Services) inform their clients of the procedures to report crime to campus safety on a voluntary or confidential basis, should they feel it is in the best interest of the client. A procedure is in place to anonymously capture crime statistics disclosed confidentially during such a session.

Each year, an email notification regarding access to this report is made to all enrolled students, faculty, and staff. Copies of the report may also be obtained from the Department of Campus Safety located in the Whitaker Campus Center, or by calling 301-696-3548 from an outside phone line or x3548 from a College phone. All prospective employees may obtain a copy from human resources in Alumnae Hall, room 312 or by calling the aforementioned phone number. The website address is included on Hood employment applications.

Policy Addressing How to Report Criminal Offenses

To report a crime:

Call the campus safety emergency line at 301-696-3111 from an outside phone or x3111 from a College phone. To report a non-emergency security or public safety related matter, call campus safety at 301-696-3548 from an outside phone line or x3548 from a College phone.

Dispatchers are available at these respective telephone numbers 24 hours a day to answer your call.

Code Red telephones are located in the Residence Halls; Blue Light Emergency Phones are located in the parking lots throughout the campus.

Any suspicious activity or person seen in the parking lots or loitering around vehicles, inside buildings or around residence halls should be reported to the Department of Campus Safety. In addition, you may report a crime to the following individuals:

- Vice President for Student Life
301-696-3573
203 Alumnae Hall

- Director and Chief of Campus Safety
301-696-3546
219 Whitaker Campus Center
- Director of Residence Life and Student
Conduct
301-696-3577
223 Whitaker Campus Center

For off-campus options, contact the City of Frederick Police Department by dialing 911. Campus safety works with local law enforcement during mutual investigations, arrests and prosecutions. Campus safety personnel attend meetings with local law enforcement agencies to exchange ideas and problems which may be of concern for the Hood community.

Policy Addressing Voluntary Confidential Reporting

If you are the victim of a crime on campus and do not want to pursue action within the Hood College system or the criminal justice system, you may still want to consider making a confidential report.

With your permission, the chief or a designee of campus safety can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the College can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

Policy Addressing Limited Voluntary Confidential Reporting

The Department of Campus Safety encourages anyone who is the victim or witness to any crime to promptly report the incident to their local police. Because police reports are public records under state law, the Department of Campus Safety cannot hold reports of crime in confidence. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to the chief of campus safety.

Policy Statement Addressing Security and Access

During business hours, academic buildings and business offices of the College will be open to students, parents, employees, contractors and guests. During non-business hours, access to all College facilities is by key or keycard, if issued, or by admittance via the Departments of Campus Safety or Residence Life staff. In the event of extended closings, the College will admit only those with prior written approval to all facilities. Residence halls are secured 24 hours a day.

Some facilities may have individual hours, which may vary at different times of the year. Examples are the Athletic Center, Library, etc. In these cases, the facilities will be secured according to schedules developed by the responsible department.

Additionally, during the academic year, the Directors of Facilities Management, Residence Life and Campus Safety meet to discuss issues of pressing concern.

Policy Addressing Campus Law Enforcement Authority

Hood College campus safety officers have the authority to ask people for identification and to determine whether individuals have lawful business on campus and at College leased/approved off-campus housing. Safety officers have the authority to trespass unwanted visitors, report and investigate violations of the Code of Student Conduct, issue parking tickets, tow vehicles parked in violation, and bill appropriate expenses to the financial accounts of students, faculty and staff. Campus Safety officers do not possess arrest power.

Criminal incidents are referred to the City of Frederick Police Department, who have jurisdiction on the campus. The Department of Campus Safety maintains a highly professional working relationship with the City of Frederick Police Department and Frederick County Sheriff's Office. All crime victims and witnesses are strongly encouraged to immediately report crimes to campus safety and the appropriate police agency. Prompt reporting will assure timely warning notices on-campus and timely disclosure of crime statistics.

Policy Statement on Police Cooperation

The Hood College Department of Campus Safety maintains a close working relationship with the City of Frederick Police Department. Campus safety staff occasionally work with other law enforcement agencies in the greater Frederick area to include the FBI, U.S. Secret Service, sheriff's office and state police, as needed and appropriate. Meetings are held between the leaders of these agencies on both a formal and informal basis. The officers of campus safety and Frederick City communicate regularly on the scene of incidents that occur in and around the campus area. The City of Frederick Police Department investigators work closely with campus safety's investigative staff when incidents arise that require joint investigative efforts, resources, crime-related reports and exchanges of information, as deemed necessary. There is a written Memorandum of Understanding between Hood College and the City of Frederick Police Department, regarding investigations of sexual assault, domestic violence and dating violence.

Hood College does not have any recognized student organizations with non-campus locations that are monitored by the City of Frederick Police Department.

Policy Addressing the Encouragement of Accurate and Prompt Crime Reporting

Community members, students, faculty, staff and guests are encouraged to report all crimes and public safety related incidents to campus safety in a timely manner. This publication focuses on campus safety because it patrols the Hood campus.

In response to a call, campus safety will take the required action, dispatching an officer or aiding the victim in reporting the incident to the City of Frederick Police Department to file an incident report. All Campus Safety incident reports are forwarded to the Office of the Dean of Students office review and potential action. Campus safety officers will investigate a report when it is deemed appropriate. Additional information obtained via the investigation will also be forwarded to the dean of students. If assistance is required from the City of Frederick Police Department or another agency, campus safety will contact the appropriate unit.

Policy Addressing Counselors and Confidential Crime Reporting

As a result of the negotiated rulemaking process which followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus “Pastoral Counselors” and Campus “Professional Counselors,” when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

Pastoral Counselor is defined as an employee of the College who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor is defined as an employee of the College whose official responsibilities include providing psychological counseling to members of the institution's community and who is functioning within the scope of his or her license or certification.

Policy Addressing Security Awareness Programs for Students and Employees

During new student orientation in August, students are informed of services offered by the Department of Campus Safety. A presentation outlining ways to maintain personal safety and residence hall security is also given. Students are told about crime on-campus and in surrounding neighborhoods. Similar information is presented to new employees. Crime Prevention Programs and Sexual Assault Prevention Programs are offered on a continual basis.

Periodically during the academic year, campus safety, in collaboration with other College organizations and departments, present crime prevention awareness sessions on sexual assault (rape and acquaintance rape), theft and vandalism, as well as educational sessions on personal safety and residence hall security, and fire safety. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of the responsibility for their own security and the security of others.

In addition to seminars, information is disseminated to students and employees through crime prevention awareness, security alert posters, displays, videos and articles, and advertisements in college and student newspapers.

When time is of the essence, information is released to the College community through the Hood Alert distributed throughout campus, via computer memos sent over the College's electronic mail system, automated voice phone system and phone texting system.

Policy Addressing Alcoholic Beverages

The possession, sale or the furnishing of alcohol on the Hood College campus is governed by state and federal laws. However, the enforcement of alcohol laws on campus is the primary responsibility of the Office of Residence Life and the Department of Campus Safety.

It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under the age of 21 in a public place or a place open to the public is illegal. It is also a violation of the Hood Alcohol Policy for anyone to consume or possess alcohol in any public or private area of campus without prior College approval. Organizations or groups violating alcohol/substance policies or laws may be subject to sanctions by the College.

Policy Statement Addressing Illegal Drug Possession

The possession, sale, manufacture or distribution of any controlled substance is illegal under both state and federal laws. Such laws are strictly enforced by campus safety. Violators are subject to College disciplinary action, criminal prosecution, fine and imprisonment.

Hood College Drug and Alcohol Prevention Programs

The College has developed programs to prevent the illicit use of drugs and the abuse of alcohol by students and employees. The program provides services related to drug use and abuse including dissemination of informational materials, educational programs, counseling services, referrals and college disciplinary actions.

Alcohol and Drug Education: College Health Services, Employee Assistance Program, College Health Class.

Counseling Services: College Counselors, College Nurse, Employee Assistance Program.

Referral Services: College Counselors, College Nurses, Employee Assistance Program.

College Disciplinary Actions: Faculty/Student Judicial Review Committee.

Policy Addressing Disclosures to Alleged Victims of Crimes of Violence or Non-Forcible Sex Offenses

Hood College will, upon written request, disclose to the alleged victim of a crime of violence, or of a non-forcible sex offense, the results of any disciplinary hearing conducted by the College against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, Hood College will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

Policy Addressing Preventing and Responding to Sex Offenses

Hood College educates the student community about sexual assault, domestic violence, dating violence and stalking through mandatory freshmen orientations each fall. Student life, the Wellness Center, campus safety, residence life and the Office of Human Resources offer various sexual assault, domestic violence, dating violence and stalking information to students and employees upon request.

To combat these types of crime on campus, the most powerful tool is voicing a concern. The best way bystanders can assist in creating an empowering climate, free of interpersonal violence is, in a safe and positive manner to diffuse the problematic behaviors before they escalate. Bystander

intervention is defined as, “strategies for prevention of various types of violence, including bullying, sexual harassment, sexual assault and intimate partner violence.” Here are several ways to aid in the matter:

- Educate yourself about interpersonal violence AND share this info with friends
- Confront friends who make excuses for other people’s abusive behavior
- Speak up against racist, sexist and homophobic jokes or remarks

Risk reduction pertaining to sexual assault, domestic violence, dating violence and stalking is defined as, “strategies for prevention and deterring the likelihood of these types of behavior.” While you can never completely protect yourself from these behaviors, there are some things you can do to help reduce your risk.

- Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- Try to avoid isolated areas. It is more difficult to get help if no one is around.
- Walk with purpose. Even if you don’t know where you are going, act like you do.
- Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
- Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
- Make sure your cell phone is with you and charged and that you have money for a cab.
- Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know.
- Avoid putting earbuds in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
- When you go to a social gathering or party, go with a group of friends. Arrive together, check in with each other and leave together.
- Practice safe drinking. Know your limit. Do not leave any beverages unattended or accept drinks from someone you don’t know or trust (this includes non-alcoholic drinks).
- Have a buddy system. Don’t be afraid to let a friend know if something is making you uncomfortable or if you are worried about you or your friend’s safety.
- Know what “consent,” means. Hood College defines consent as, “knowing, voluntary and affirmatively communicated willingness to participate in a particular sexual activity or behavior.” It must be given by a person with the ability and capacity to exercise free will and make a rational, reasonable judgment. Consent may be expressed by either words or clear, unambiguous actions.
- If someone you don’t know or trust asks you to go somewhere alone, let him or her know that you would rather stay with the group.

If you are a victim of a sexual assault, domestic violence, dating violence, or stalking at this institution, your first priority should be to get to a place of safety. You should then report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. These incidents should be reported directly to designated officials deemed, “responsible officials.” A report to these individuals is an official report to the College which necessitates a response by the College. Responsible

officials include most directors, deans and vice presidents, supervisors, and residence life staff who work directly in the housing environment (including RAs). Filing a report will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions.

Filing a police report will:

- ensure that a victim receives the necessary medical treatment and tests, at no expense to the victim;
- provide the opportunity for collection of evidence helpful in prosecution, which possibly could not be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam);
- assure the victim has access to free confidential counseling from counselors specifically trained in crisis intervention.

Nothing precludes a victim from contacting the City of Frederick Police Department on their own. The victim of a sexual assault may choose for the investigation to be pursued through the criminal justice system and the College, one or the other, or both. Appropriate College staff will guide the victim through the available options and support the victim in his or her decision.

Various counseling options are available from the College through the Wellness Center and Student Life. Counseling and support services outside the College system can be obtained through the Heartly House, a Frederick Rape and Sexual Abuse Center.

You may file charges through the College's internal judicial system as appropriate. Students should file a report with the dean of students, the director of campus safety, the ombudsperson or the executive director of human resources. Students may also initiate action by filing a written complaint with the aforementioned individuals. Community members that are accused of sexual misconduct will be subject to a formal hearing from the "College Grievance Board" or the "Faculty Board of Review." Hood College uses the "preponderance of evidence" standard, to determine whether the incident did or did not take place. When reporting the incident, if you choose not to file a report or complaint, you have up to 180 days to reverse your decision.

The College Grievance Board will be convened solely with faculty and staff members, i.e., without student members, in cases of sexual misconduct (sexual violence, nonconsensual sexual contact, sexual harassment, sexual assault, sexual exploitation, sexual intimidation, and relationship violence). In order to promote confidentiality to the greatest extent possible and to assure appropriate reporting, students will be not permitted to serve on cases involving allegations of sexual assault or other sexual misconduct. One faculty alternate and one staff alternate will be called to complete the complement of Grievance Board Members.

The Faculty Board of Review will handle allegations of sexual misconduct involving faculty as accusers or as victims per the procedures described above. Students, faculty, staff and other members of the Hood community who are found to have engaged in sexual misconduct or violence will be subject to sanctions which reflect the seriousness of the offense, the circumstances of the occurrence, and any prior violations of College behavioral standards. Such sanctions may include, but are not limited to, probationary status, loss of College housing and/or separation from the institution on a temporary or permanent basis.

Officials conducting hearings receive annual training on issues such as dating violence, domestic violence, stalking, sexual assaults and how to conduct hearings that protect the safety of the victim and accountability.

RIGHTS OF THE PARTIES:

I. At each step of the process, whether an informal or formal procedure is chosen, and regardless of the nature of the allegation, both the complainant and the respondent have the right to an advocate or counsel present at any proceedings regardless of the type of resolution procedure chosen. However, the advocate or counsel may not participate in the proceedings or examine witnesses.

II. The complainant has the right to file a grievance, to present supporting evidence, and to reply to the respondent's information at each step of the process.

III. The respondent has the right to be informed of all charges and of any evidence against her/him used to evaluate those charges, to bring evidence, and to reply to the complainant's information at each step of the process.

IV. The parties have the right to be protected against conflict of interest by decision makers at all steps of the process as set forth below. A conflict of interest exists when a decision maker in a grievance procedure has a personal or professional relationship with any of the parties that could in any way compromise the process or present the appearance of conflict of interest.

a) Either the complainant or the respondent, when made aware of the composition of the grievance board, may request that a member (or members) of the board recuse her/himself if she/he feels there may be a conflict of interest.

b) It is incumbent upon a grievance board member, when she/he learns the identities of the complainant and the respondent, to recuse her/himself if she/he feels there may be a conflict of interest.

c) When a grievance board member has recused her/himself, she/he is obligated to maintain confidentiality regarding the complaint.

V. The parties have the right to a prompt and impartial internal investigation into the

circumstances and prompt resolution procedures, regardless of the nature of the allegation.

- a) Complainants who are victims of alleged sexual assault will be advised of their rights to file internal formal complaints, criminal complaints, or both. Support persons for both complainant and respondent will be offered.
- b) Complainants who are victims of alleged sexual assault, relationship violence and/or stalking will be provided with appropriate options to provide for their individual safety.
- c) Both parties have the right, and are encouraged, to contact law enforcement or legal counsel for assistance and/or to legal protections and remedies.
- d) Both parties have the right to use College resources to help navigate the grievance process. The College will conduct affirmative outreach to both parties and make appropriate resources available.
- e) The College affirms its right to use legal counsel or other appropriate resources at any point during the investigative, adjudication, disciplinary and appeals process.

VI. Both parties will be notified simultaneously and in writing of the outcome of the proceedings; the appeals process; any change to the results before it becomes final; and when the results become final.

In this policy, the College provides for adequate, reliable, and impartial investigation into complaints (including protection against conflicts of interest), with the opportunity to present witnesses and other evidence. In cases of physical threats, discrimination, and sexual misconduct, the College will take appropriate and immediate steps to end the offensive or threatening behavior and to provide a safe environment that does not interfere with the complainant's right to pursue an education. This can be accomplished by requesting a "no contact order," classroom or housing assignment accommodation, or possibly a peace order issued from the Frederick County commissioner's office. The Department of Campus Safety and student life team can assist with these processes.

Sexual Assault Awareness Programs and Campaigns

All incoming students, staff and faculty are required to complete a primary prevention program, known as HAVEN training. This training program provides information which includes Hood College revised policies, the Hood College Sexual Misconduct Prevention and Resource Guide, and other important information for community members to help prevent sexual assault, domestic violence, dating violence, and stalking on campus and to assist victims, should the need arise. This is primary prevention because it is aimed towards giving community members information before it occurs.

Hood College participates in the following ongoing awareness programs regarding the prevention of sexual assaults, domestic violence, dating violence and stalking:

- “It’s On Us”: The campaign is designed to create awareness on college campuses on how to stop sexual assault. It provides the opportunity for the College to have a collective conversation on the role each person can play in ending sexual violence on and off campus. Everyone is encouraged to sign a pledge to add their name to thousands across the country who are declaring that sexual assault is unacceptable and to become part of the solution. More information can be provided about the campaign by visiting the website at www.itsonus.org/.
- “One Love Foundation”: The One Love Foundation strives to eliminate relationship violence by engaging audiences through compelling and powerful educational content. The mission of the organization is to empower young people as the critical leaders in a movement for change and to mobilize a generation towards a brighter future where relationship violence is far less prevalent. More information can be provided about the foundation by visiting the website at www.joinonelove.org/.

Nondiscrimination Notice

Hood College does not discriminate on the basis of sex, race, color, national origin, sexual orientation, marital status, pregnancy, disability, religion or age in recruitment, admission and access to, treatment of, or employment in its programs, services, benefits or activities as required by applicable laws including Title IX of the Educational Amendments of 1972 and Section 504 of the Rehabilitation Act of 1973, and complies with the law regarding reasonable accommodation for disabled applicants and students. Inquiries about discrimination or reasonable accommodation should be referred to the Title IX and Section 504 Coordinator at Alumnae Hall, 401 Rosemont Avenue, Frederick, MD. 21701 (AD 312), 301-696-3592.

Policy Addressing Sex Offender Registration

The Campus Sex Crimes Prevention Act (CSCPA) of 2000 is a federal law that provides for the tracking of convicted sex offenders enrolled at, or employed at, institutions of higher education.

In accordance with the “Campus Sex Crimes Prevention Act” of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the Hood College Department of Campus Safety is providing a link to the Maryland State Sex Offender Registry. This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a state to provide notice of each institution of higher education in that state at which the person is employed, carries a vocation, or is a student.

The Hood College Department of Campus Safety maintains this direct link to the Maryland Sex offender registry for easy access by the Hood Community. This site includes all registered sex offenders reported to be working at Maryland Colleges and Universities: www.dpscs.state.md.us/sorSearch.

The CSCPA further amends the Family Educational Rights and Privacy Act of 1974 (FERPA) to clarify that nothing in the Act can prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders.

This statement is provided in compliance with the Campus Sex Crimes Prevention Act of 2000.

Policy Addressing Missing Students, Notification and Procedure

If a member of the Hood College community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify campus safety at 301-696-3548 or x3111.

Campus safety will generate a missing person report and initiate an investigation.

In addition to registering a general emergency contact, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by Hood in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, Hood will notify that individual no later than 24 hours after the student is determined to be missing. A student who wishes to identify a confidential contact can do so through residence life or campus safety. A student's confidential contact information will be accessible only by authorized campus officials and law enforcement in the course of the investigation.

After investigating a missing person report, should campus safety determine that the student has been missing for 24 hours, Hood will notify the City of Frederick Police Department and the student's emergency contact no later than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated individual, Hood will notify the student's parent or legal guardian immediately after Hood has determined that the student has been missing for 24 hours.

Policy Statement Addressing Issuing Timely Warnings

In the event that a situation determined to be a Clery Act crime or constitutes an ongoing or continuing threat arises, either on or off campus, a campus-wide "timely warning" will be issued by the chief and director of campus safety. The warning will be issued through the College email system to students, faculty and staff.

Emergency Response and Evacuation Procedures

In the event of an actual emergency, the College community will be notified through phone mail, email and the Hood College website, via the "Hood Alert." Students and community members should take responsibility for regularly checking their email. In order to receive campus-wide email announcements, students must have a College email account, which may be obtained from the Office of Information Technology (I.T.) services in Alumnae Hall.

Emergency Response and Evacuation Procedures Statement

The College's campus safety manual and website include information about shelter-in-place and evacuation guidelines. College departments are responsible for contingency plans and continuity of operations plans for their staff and areas of responsibility. The College conducts numerous emergency response exercises each year, such as tests of the emergency notification systems on campus.

Hood College Campus Safety officers and supervisors have received training in Incident Command and Responding to Critical Incidents on Campus. When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually the Hood College campus safety team, the City of Frederick Police Department and/or the Frederick Fire and Emergency Medical Services Department, and they will respond and work together to manage the incident. Depending on the nature of the incident, other departments and other local or federal agencies could also be involved in responding to the incident.

General information about the emergency response and evacuation procedures for Hood College are publicized each year as part of the institution's Clery Act compliance efforts and that information is available on the campus safety website.

All members of the Hood community are notified on an annual basis that they are required to notify campus safety of any situation or incident on Hood property that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students and/or employees on campus. Campus safety has the responsibility of responding to, and summoning the necessary resources, to mitigate, investigate and document any situation that may cause a significant emergency or dangerous situation. In addition, campus safety has a responsibility to respond to such incidents to determine if the situation does in fact, pose a threat to the community. If that is the case, federal law requires that the institution immediately notify the campus community or the appropriate segments of the community that may be affected by the situation.

Notification to the Hood Community about an Immediate Threat

The Department of Campus Safety receives information from various campus constituencies. If it confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the community, Campus Safety authorities will collaborate to determine the content of the message and will use the "Hood Alert" system to communicate the threat to the community. The Campus safety authorities, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to Hood College campus safety, the City of Frederick Police Department, and/or the Frederick Fire and Emergency Medical Services), compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The College will post updates during a critical incident on the web site at www.hood.edu.

The Campus safety patrol vehicle is equipped with public address systems and can be strategically placed throughout the campus to facilitate communication. Members of the larger community who are interested in receiving information about emergencies on campus should sign up for the “Hood Alert” mass notification system found on the campus safety website.

Testing Emergency Response and Evacuation Procedures

An evacuation/fire drill is coordinated by campus safety each semester for all residential and academic facilities on College property. A second drill is coordinated each semester for residence halls. Thus, the emergency response and evacuation procedures are tested at least twice each year and, for some of the buildings, four times a year. Students learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility. Campus safety does not tell residents in advance about the evacuations because those decisions are affected by time of day, location of the building being evacuated, and other factors. Campus safety and the student life staff are on the scene and will communicate information to students regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. Evacuation drills are used as a way to educate and train occupants on issues specific to their building. During the drill, occupants practice drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the College an opportunity to test the operation of fire alarm system components.

Evacuation drills are monitored by the campus safety and student life departments to evaluate egress and behavioral patterns. Reports are prepared by the Department of Campus Safety, which identifies deficient equipment so that repairs can be made immediately. Recommendations for improvements are also submitted to the appropriate departments/offices for consideration.

Shelter-in-Place Procedures

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to “shelter-in-place” means to make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside.

Basic “Shelter-in-Place” Guidance

If an incident occurs and the building you are in is not damaged, stay inside, seeking an interior room until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, Hood College ID card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest College building quickly. If security, police or fire department personnel are on the scene, follow their directions.

How You Will Know to “Shelter-in-Place”

A shelter-in-place notification may come from several sources, including campus safety, student life members, other College employees, the federal government, the City of Frederick Police Department, or other authorities utilizing the College’s emergency communications tools.

How to “Shelter-in-Place”

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

1. Go to the nearest room or office.
2. Close and lock the door.
3. Turn off the lights.
4. Seek protective cover and barricade the door.
5. Keep quiet and act as if no one is in the room.
6. Do not answer the door.
7. Notify 911 and campus safety at 301-696-3111, if it is safe to do so, providing each switchboard operator with the following information:
 - a. Your name.
 - b. Your location (be as specific as possible).
 - c. Number of shooters (if known).
 - d. Identification or description of shooter.
 - e. Number of persons who may be involved.
 - f. Injuries if known.

Daily Crime Log

Campus Safety maintains a daily crime log that lists all reported crimes. The log outlines the logistics of the crime (date, time and location), the nature of the crime, and how the crime was handled. This log is kept at the campus safety switchboard in the Whitaker Campus Center and is available for review at any time, upon request.

Crime Statistics

The Department of Campus Safety, under the direction of the director (chief) or his or her designee, gathers and compiles Hood College's crime statistics. In addition to the crimes reported to campus safety, the director also solicits information from campus safety authorities and the City of Frederick Police Department. Crime statistics in this report from off-campus venues and adjacent streets were compiled in collaboration with the local police.

These crime statistics are substantiated by the Department of Campus Safety in collaboration with the dean of students. Double counting of these crimes is avoided by an oversight process conducted by the director of campus safety.

It should be noted that the Campus Security Act was amended in 1998. Any marked increase across years or in the revised statistics from previous years can be accounted

for by the fact that the geographic boundaries for reporting were greatly expanded in 1998, and reporting of drug, alcohol and weapons violations was also broadened to include not only arrests but also disciplinary referrals.

Reportable Crimes and Definitions

The Department of Campus Safety adheres to the Federal Bureau of Investigation's Uniform Crime Reporting Index for classifying and reporting crime statistics. The definitions for criminal homicide and non-negligent manslaughter, robbery, aggravated assault, burglary, motor vehicle theft, arson and larceny-theft are excerpted from the Uniform Crime Reporting Handbook. The definitions of sex offenses are excerpted from the National Incident-Based Reporting System Edition of the Uniform Crime Reporting Handbook.

Criminal Homicide – Murder and Non-Negligent Manslaughter: The willful (non-negligent) killing of one human being by another.

Sex Offenses (Force): Any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent.

A. **Forcible Rape** – The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

B. **Forcible Sodomy** – Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

C. **Sexual Assault with an Object** – To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

D. **Fondling** – The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

Sex Offenses (No force): Unlawful, non-forcible sexual intercourse.

A. **Incest** – Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

B. **Statutory Rape** – Non-forcible sexual intercourse with a person who is under the statutory age of consent.

Robbery: The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Simple assaults are excluded.

Simple Assault: An unlawful assault upon the person of another where no weapon was used and which did not result in a serious or aggravated injury to the victim. (Includes attempts, whether or not an injury occurred.)

Burglary: The unlawful entry of a structure to commit a felony or a theft. Attempted forcible entry is included.

Motor Vehicle Theft: The theft or attempted theft of a motor vehicle. A motor vehicle is self-propelled and runs on land surface and not on rails. Motorboats, construction equipment, airplanes, and farming equipment are specifically excluded from this category.

Arson: Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Larceny-Theft: The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Attempted larcenies are included in this definition.

Vandalism : To willfully or maliciously destroy, injure, disfigure, or deface any public or private property, real or personal, without the consent of the owner or person having custody or control by cutting, tearing, breaking, marking, painting, drawing, covering with filth, or any other such means as may be specified by local law.

Stalking: The willful, malicious and repeated following or harassment of another person with the intent to annoy, alarm or frighten.

Intimidation: To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

Domestic Violence: Acts, threats or patterns of abusive behavior of a physical or sexual nature by one partner intended to control, intimidate, manipulate, humiliate, frighten, coerce, or injure the other partner.

Dating Violence: Controlling, abusive, and aggressive behavior in a romantic relationship.

Drug Law Violations: The violation of laws prohibiting the production, distribution, and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs.

Liquor Law Offenses: The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages, not including driving under the influence and drunkenness.

Weapon Offenses: The violation of laws or ordinances dealing with weapon offenses, regulatory in nature, such as: manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; furnishing deadly weapons to minors; aliens possessing deadly weapons; and all attempts to commit any of the aforementioned.

Hate Crimes: A criminal act motivated by bias against any person or group of persons, or the property of any person or group of persons because of the ethnicity, race, national origin, religion, gender, sexual orientation, or disability of the person or group, or bias based upon the perception that the person or group has one or more of those characteristics.

Crime Statistics

***How statistics are compiled. The chief and director of the Department of Campus Safety is responsible for collecting crime statistics, in cooperation with the City of Frederick Police Department. The chief also works with the Office of the Vice President for Student Life and Dean of Students in collecting the statistics on referrals for campus disciplinary actions, drug abuse, liquor law or weapons violations; collects statistics from the designated campus safety authorities in regards to the Clery crimes that were not reported.

FIRE SAFETY REPORT

Hood College provides a fire safety program for the protection of the campus community. This is a program which promotes fire prevention and the use of fire protection systems to ensure effective emergency notifications and response. All fire protection systems are regularly inspected and tested according to the National Fire Protection Agency (NFPA) standards. Campus safety staff members are trained and receive continuing education in various areas that encompass possible hazards to life, safety and health. Professional staff and resident assistants, who also live in the residence halls, participate in required fire safety training sessions annually, regardless of prior experience.

Fire Protection Systems

Fire alarms are installed in all residence halls as well as academic and administrative buildings. Alarm systems report electronically and directly to the Department of Campus Safety Communications Center, which monitors activity 24 hours a day, 365 days a year.

- All residence halls are equipped with an automatic sprinkler system.
- Life Safety systems, including all fire alarms and fire sprinkler systems are tested on a regular schedule in compliance with the National Fire Protection Agency (NFPA) Fire Code regulations.
- In addition to the independent testing of the life safety systems, daily safety inspections are conducted by professional Campus Safety staff in all structures.

Fire Safety Education and Training

- Unannounced fire drills, with performance standards, are held twice each semester during the academic year in residence halls. Fire drills are also held bi-annually for all academic/administrative buildings.
- Instructions outlining what to do in case of a fire and building specific emergency evacuation plans are posted in prominent locations in all campus buildings including, residence halls.
- These procedures are reviewed during required orientation programs, follow-up safety sessions, and fire drill exercises. The procedures are available on the Campus Safety Website at: <http://www.hood.edu/Campus-Life/Campus-Safety/Emergency-Procedures/Fire,-Explosion-or-Smoke-Emergencies.html>.

Current policies regarding portable electrical appliances, smoking and open flames (such as candles) can be found at: <http://www.hood.edu/studenthandbook/>

All fire incidents on Hood College property are reported through the Department of Campus Safety at 301-696-3131. This ensures appropriate emergency response, incident recording for follow up and statistical reporting. All fire incidents are required to be reported to campus safety, even if discovered after a fire has been extinguished (cold fire) or burned out.

Fire Evacuation Procedure

The Department of Campus Safety responds to all fire alarms. However, the most important step you can take for your safety is to learn the quickest way out of the building and always evacuate whenever you hear a fire alarm. Smoke is the most significant danger in a fire and prompt evacuation is your best response.

When the general alarm sounds in your building, use the back of your hand to feel your room door/doorknob:

- If cool, leave immediately, close the door, and proceed quickly and in an orderly fashion to the nearest exit. Stay out of the building until given the “all clear” signal by emergency personnel or authorized staff. Failure to evacuate properly during a fire alarm is a serious breach of Hood policy. Use stairwells in the event of fire. DO NOT use elevators, which might become inoperable and trap occupants. Fire doors must remain closed at all times. Never prop them open, especially when evacuating.
- If the door is hot, remain in the room, put towels or other material under the door, open the window from the top. Signal for help by hanging a flag (i.e., sheet, jacket, etc.) out of the window and call 911 or ext. 3548.

Fire Evacuation Tips

- If you see smoke or flames and the alarm is not sounding, pull the closest fire alarm and leave the building.
- If smoke is present in the hallway or stairwell, remain close to the floor.
- Familiarize yourself with alternate routes to leave the building.
- Do not attempt to jump from multi-story windows.
- Once out, stay out. Go to your designated assembly area. Contact your RA or department administrator for the location of your designated assembly area.
- The pergola area is the designated assembly area for all halls.

Campus Safety and Security Fire Survey

Conclusion

The Department of Campus Safety is committed to working with the Hood College community to resolve all criminal and fire related matters in a timely fashion. All members of the department know that for this to happen they must cooperate and work hand-in-hand with faculty, staff and students of Hood College. By working together, the Department of Campus Safety and the College community strive to maintain a safe and secure learning environment.

Thurmond Maynard
Director and Chief
Department of Campus Safety
Hood College

---	----------------

General Safety Precautions

- Immediately report stolen or missing Hood College identification cards and keys to residence life services and campus safety.
- Never take your personal safety for granted.
- Never prop open exterior doors of residence halls and buildings.
- Never admit strangers into your room or hall.
- Lock room doors, offices, and other student and employee work spaces, even when leaving for a short time.
- Carry keys and your Hood College identification cards at all times and never lend them to anyone.
- Park your vehicle in a well-lit area and keep it locked at all times.
- Never leave valuables in plain view inside a vehicle.
- Report suspicious persons and activities immediately to the Department of Campus Safety by calling 301-696-3111 or by using the emergency telephone system.
- Never leave keys and other valuables visible in rooms, offices, labs or study areas.
- Never remain alone in isolated or unoccupied areas, including classrooms, libraries or other buildings. When such use is required, special arrangements must be made with the Department of Campus Safety.
- When walking at night, have a friend(s) along and carry a cell phone.

Fire Safety Precautions

- Dispose of cigarettes properly: be sure they are completely extinguished and do not discard them near grass, mulch, buildings and other areas where they can smolder and ignite.
- Do not overload electrical circuits or outlets.
- Use a power strip with a surge protector.
- Check your electrical cords for worn places and broken installations.
- Do not use combustible items such as candles and incense.
- Do not staple or connect multiple extension cords together or route cords under doors or carpet.
- Use only the recommended light bulbs with the appropriate wattage for your lamp and other peripheral device.
- Make sure that all appliances are turned off at night and whenever you leave your room.
